

WE WON'T HAVE WAR

ADMIRAL EVANS SAYS JAPAN MUST FIGHT RUSSIA AGAIN.

Floating Loan of \$360,000,000 by Russian Government Has That Significance.

Chicago.—"A few days ago, when the Russian government floated a loan of \$360,000,000, which was subscribed thirty times over, that was Russia's notice to Japan to get ready for war."

Rear Admiral Robley D. Evans made this significant statement here Sunday. "And what is more," added the admiral, "Japan herself recognizes and realizes the position in which she is placed."

A number of other statements of international import, viewed from the viewpoint of Bob Evans, did the admiral make. Briefly summarized, they are as follows:

The United States will have no trouble with Japan. Neither will England. When the next Russo-Japanese war does come, Germany, France and Austria will espouse the cause of the Russians. England will find herself allied with Japan by virtue of existing treaties. What the result of it all will be, no man can forecast.

SHAW IS PESSIMISTIC.

Japan Could Put 200,000 Men in Hawaii in Thirty Days.

New York.—"The Japanese could put 200,000 of their little brown fighting men in Hawaii in thirty days," said former Secretary of the Treasury Shaw at the merchant marine congress in Metropolitan Temple. "It would take the United States two years to get an equal number to oppose them."

"And speaking of the question of powder, if all the powder mills in the United States should stop making sporting powder and blasting powder and just turn out battle powder, we could only make in thirty days enough powder to last our navy two hours. Think of it! We could fight two hours a month. Japan knows it. England knows it. Germany knows it."

MINISTER FOUND MURDERED

Negro Suspect Under Arrest and Lynching Threatened.

Houston, Miss.—Surrounded by an angry mob of 800 citizens, Roby Baskin, a negro boy 18 years old, was arrested near here Sunday by Deputy Sheriff J. L. Wilkinson of Houston and locked up for safe-keeping on the charge of having murdered Rev. Dr. W. T. Hudson, whose body was found Saturday night half submerged in the waters of a pond in J. S. Evans' cattle pasture, half a mile from Houston.

Immediately following the arrest of the negro a secret meeting was held at the Woodmen's hall. Only men of certain acquaintance were allowed in the hall. It is believed plans for lynching the negro were made at this meeting.

A spot of blood was found on the negro's shoe when he was arrested. He told the officers that his nose had been bleeding. He contradicted this statement to others by telling them that the blood got on his shoe when he was killing a chicken.

AGREE WITH THE PRESIDENT

Senators Continue Efforts to Prevent Passage of Anti-Jap Bills.

Washington.—President Roosevelt had conferences with Senators Flint of California and Nixon of Nevada and persisted in representations to them that the situation will be critical if their respective states insist on legislation against the Japanese.

The two senators have agreed to continue their efforts to influence the legislators against action of any sort and went away from the White House to send telegrams to the leaders of their legislatures, urging postponement for the present of any legislation.

"I feel that we ought not to try to resist the strong appeals of the chief executive," said Senator Flint. "I agree with him that the time is inopportune for legislation now, and I am going to do what I can to help him in his efforts."

TO KEEP HIM OUT OF CABINET

Directors Raise Reynold's Salary From \$35,000 to \$50,000.

Chicago.—The directors of the Continental National Bank notified George M. Reynolds, president of the institute, that at a meeting today his salary had been increased by unanimous vote from \$35,000 to \$50,000.

The increase, it is believed, will prove an element in the decision of Mr. Reynolds as to accepting or refusing a tender of the portfolio of secretary of the treasury.

RAW FURS—PROFITS FOR COUNTRY BOYS.

This is the time of the year when the average country boy not only gets a great amount of sport and pleasure out of fur trapping, but considerable profit and pocket money. Raw Furs in recent years have brought remarkably good prices. Fashion has ordained that every lady must wear furs, consequently the demand has increased. Prices of furs are higher than they were last season. M. Sabel & Sons, Louisville, Ky., make a specialty of Raw Furs, and a visit to their fur rooms is an interesting sight, for here can be found furs from every section of the United States. They receive shipments from all over the country in answer to their weekly price list, which they issue every Friday. This price list is furnished the shipper upon application.

Showing the Right Spirit.
A little boy had been naughty at dinner, and had been sent away from the table just as his favorite dessert—cabinet pudding with butter and sugar sauce—was being served. About nine o'clock that evening, when the other children had gone to bed and his parents were alone in the sitting room, a tear-stained little face and a white-robed figure appeared at the door.

"Mamma," it said, bravely, between sobs, "you told me never to go to sleep when anything wrong had been done until it was all fixed by right, so I came down to tell you that—that—I—forgive you and papa for what you did to me at the dinner table."

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. J. C. HENNEY & CO., Toledo, O. Sold by E. A. But Soon.
"Come, don't be foolish," said the pretty young wife, "he's merely an old flame of mine."
"Indeed!" cried her aged but rich husband. "I'll warrant you dream of his tender advances yet."
"No," she replied, with a faraway look, "not yet."—The Catholic Standard and Times.

Not Afraid of a Ghost.
In a village in England, a month or so ago, a man came running into an inn at nine o'clock at night and cried out that there was a ghost in his back yard. There were 14 men in the inn, and not one of them dared to go home with the man and investigate. There was a person who dared, however, and that was the landlord's daughter, a girl of 14. Some of the men followed her at a distance, and she went into the yard and up to the ghost flapping its arms about, and discovered—what? That it was no more nor less than a man's white shirt flapping on the clothes line in a strong breeze. That's about the way all ghosts turn out.

Boston Profanity.
Katy, aged five, and a resident of America's seat of culture, ran to her father one morning, exclaiming: "Father, brother George swore." "Swore, did he?" inquired the parent, grimly, reaching for the slipper. "What did he say?" "He said 'ain't,'" responded Katy, solemnly.—Success Magazine.
